

PROJECT FACT SHEET

EA 10-1E280/Project ID 1015000027/PPNO 3123

PROJECT DESCRIPTION:

The California Department of Transportation (Caltrans), working in cooperation with Stanislaus County, proposes to construct an access controlled facility (expressway) within the western central portion of Stanislaus County, from Gates Road/Paradise Road to Dakota Avenue located two miles west of the City of Modesto. This project would be an extension of the State Route 132 West project that is being designed on a new alignment in the City of Modesto. There are four alternatives under consideration on either the existing State Route 132 alignment or on a new alignment as shown above.

PURPOSE AND NEED:

The project would improve mobility through western Stanislaus County connecting State Route 99 to Interstate 5, provide adequate capacity for regional movement of traffic and goods, enhance the local circulation network that would accommodate agricultural generated traffic, and provide consistency within the existing and planned local, regional, and interregional transportation facilities. The project is needed to accommodate increasing growth and traffic demands which have generated current and forecasted traffic operations deficiencies for the existing facility. Several rural driveways along the existing facility create conflicting movements for the mainline traffic.

Revised: September 14, 2018

Page 1 of 2

FUNDING SOURCES:

Various funding sources will provide funding for the project. These include the Public Facility Fee program, Stanislaus County Measure L ½ Cent Transportation Sales Tax, State Transportation Improvement Plan, SB 1 Trade Corridor Enhancement Program, and federal transportation programs.

PROJECT COST:

	Capital Cost	Support Cost
Project Approval & Environmental Document		\$6M
Plans, Specifications, & Estimates		\$6M
Right of Way	\$5M-10M	\$4M
Construction	\$51M-111M	\$10M

Note: M- cost in millions

CURRENT SCHEDULE:

Project Study Report (M010)
Project Approval & Environmental Document (M200)
Right of Way Certification (M410)
Ready to List (M460)
Approved Construction Contract (M500)
Project Completion (M600)

Date:

06/30/2015 (Complete)
Summer 2022
Winter 2024
Winter 2024
Summer 2025
Summer 2027

PROJECT STATUS:

- Permits to Enter are being processed
- Environmental Studies have started
- Traffic counts are being collected for traffic reports
- Public Scoping Meeting will be held on October 10, 2018
